## Lame Necks Caused By Storm.

A great many of the citizens of Brownsville are today suffering with a crick in their necks occasioned by too intently watching the clouds yesterday for the storm promised this section but which as yet has failed to materialize.

The "Kiss of Judas," an incident in the life of Jesus, Electric Theater tonight.

Cannot 'Phone Point.—Owing to the storm warnings, people in town were anxious to communicate with friends staying at the Point yesterday, but the telephone service between town and the Point has been out of order since Monday. It has been impossible to get the Point from here, since that day, but that station could ring up Brownsville until yesterday, when all communication was suspended over the wire. Manager Stegman sent a lineman down yesterday to remedy the trouble, but up to late in the afternoon, the wire was still not working, and no word could be sent to or received from the Point. Today the Point can ring up Brownsville, but no connection can be gotten from this end.

Dr. Sizelan's office will be closed from Aug. 5 to Aug. 16—Inclusive 7-31-tf.

Recorder's Court Idle.—For a period of over two weeks there has not been a single case, not even a "plain drunk," in the recorder's court, which is a pretty good record for a town the size of Brownsville.

Go to Tarpon Beach tomorrow. 7-31-tf.

Matrimonial Market Dull.—Fewer marriage licenses have been issued by the county clerk in the last two weeks than for a like period in several years. Dan Cupid must be taking a summer vacation this year.

Corner in Abe Lincoln Pennies.—"Frenzied finance" hit Brownsville full in the face this morning. Learning that the coinage of the new Lincoln pennies had been discontinued by Secretary MacVeagh, owing to the prominence of the designer's initials thereon, it occurred to one of the younger road agents or rather land agents, that a few honest dollars might be made by patentizing the Lincoln penny market, whereupon he hustled around to the banks and bought up the available supply of the new shining coppers bearing the imprint of Old Abe's rugged countenance. The supply was limited to be sure, as only one bank had a supply of the new pennies. The young financier obtained all there were on hand and now has the local market cornered. The price this afternoon on the curb market fluctuated from three to four-bits Mex.

Real Estate Picking Up.—Judging by the number of real estate transfers being filed for record daily, business with the real estate dealers of Brownsville and locality, who form a goodly proportion of the population, by the way—has begun to pick up. The number of transfers is increasing daily.
